Final exam topic

When you feel ready to interpret a complete chart, you can then:

1. Download the chart provided as the final exam (link provided on the website).
2. Complete the interpretation of the chart at home, at your own pace.
3. Send your work by email to **jerome(at)zenastral.fr**, accompanied by:

- o your name or username (the one you would like to appear on the certificate),

- o and, if you wish, your date, time and place of birth, so that your own birth chart can be included on the certificate. In addition to interpreting the natal chart, you will also need to analyse the major astrological climates for the years 2025 and 2026, using the planetary transit method. This interpretation should be limited to the transit of Jupiter.
