School of Astrology and Mindfulness

Final exam and graduation

At the end of this self-paced, progressive course, students who wish to do so may take a final exam. This exam consists of a complete interpretation of an astrological chart provided by Zenastral. This individual assignment will be graded.

Once this summary has been approved, a personalised digital certificate will be sent by email. This certificate will have a unique registration number, allowing anyone (including future employers, clients, organisations, etc.) to verify its authenticity by writing to the following address: **jerome(at)zenastral.fr**, attaching a scan or photo of the certificate.

A variety of student profiles, the same freedom

This site is intended for different types of visitors and researchers:

- Some people will come here solely to better understand their own chart or that of their loved ones (children, friends, partners, etc.).
- Others will use these courses as an introduction, without necessarily seeking a diploma.
- Finally, some people will want to embark on a genuine personal training programme to become a conscious astrologer or enrich their coaching practice.

Everyone is free to follow this path **at their own pace**, with no commitment and no obligation to register.

For those who wish to go further

If you are seriously considering a complete training course, we recommend — without obligation — that you let us know at the beginning or during your progress. A simple email to **jerome(at)zenastral.fr** will suffice, with a few lines about your motivation or background.

When you feel ready to interpret a complete chart, you can then:

1. Download the chart proposed as the final exam (link provided on the website).
2. Complete the interpretation of the chart at home, at your own pace.
3. Send your work by email to **jerome(at)zenastral.fr**, accompanied by:
 - your name or username (the one you would like to appear on the certificate),
 - and, if you wish, your date, time and place of birth, so that your own birth chart can be included on the certificate.

A free, meaningful diploma

This diploma has no official value in the current academic system, but it will attest to a comprehensive, demanding

and sincere course of study inspired by a living, ethical astrology rooted in mindfulness.

If astrology ever becomes a university subject, it is likely that the first teachers will be those who can demonstrate their training, and students trained at the Zenastral school will be able to demonstrate a solid curriculum based on a coherent body of work (books, teachings, workshops, etc.).

The diploma is completely free, as are all the courses at this school. It is issued in digital format (PDF) only, in keeping with the spirit of our times.
